Is the Residency Surgeon not infringing the rules in buying these articles direct instead of through the Store Department, especially when he did so without the Resident's sanction?

If my memory is correct the Residency Surgeon has been repeatedly guilty of breaking the rules, and has occasioned comment in the Audit and Appropriation report and the report of the Public Accounts Committee. Please have the reports examined which have been issued since the present incumbent took over charge as Residency Surgeon, and a list made of the various irregularities in which he has been concerned, as a stop must be put to these unnecessary accounts irregularities.

Thanks for the list of irregularities. I
thought from my memory of meeting

there had been even more of them,

B A N G A L O R E.

Sir,

I have the honor to inform you that the Lotion Stand in the Operation Theatre of the Gosha Hospital was incomplete without 4 glass reservoirs. The Representative of Messrs Down Brothers Calcutta came here and the order for the same was placed with him. He took the measurement of the requirements and supplied exactly what was required. Owing to the fragile nature of the goods, it was thought best not to order Messrs Down Brothers, London from whom the Lotion stand was purchased but to order the Calcutta Branch so that the Government may not lose in case of any breakage during transit. I therefore request you to kindly obtain sanction of the Hon'ble the Resident in Mysore for the purchase of these 4 glass reservoirs, which are the articles of European manufacture, from Calcutta.

I have the honor to be
Sir,
Your most obedient servant
